WABASH CROSSING CASE TO GO TO U. S. SUPREME COURT

Railroad Announces Plan
for Appeal Following
Failure of Adjustment at
Conference.

CITY REJECTS LINE'S COMPROMISE PLAN

Kinsey Describes Road's
Attitude as Threat to
Make Municipality Ac-
cede to Future Demands.

Appeal to the United States
Supreme Court from the State order
upholding the city's plan for elimi-
nation of the grade crossing at
Delmar boulevard and the Waba-
sh railway tracks will be taken by
the Wabash. The State Supre-
me Court, had approved the
city's plan, as embodied in a Pub-
lic Service Commission order, last
December.

N. S. Brown, vice president and
general solicitor of the road, an-
nounced that the appeal would be
taken, following a conference at
the Mayor's office today, at which
the city rejected a compromise pro-
posed by the Wabash concerning
elimination of the Delmar crossing
and others between Lindell boule-
vard and Olive Street road.

Time for taking an appeal will
expire in nine days.

Mayor Calls Conference.
The conference, attended by rep-
resentatives of the city, the railway
and property owners in the vicinity
of the crossing, was called by
Mayor Kiel, in the hope of reaching
settlement of the differences be-
tween the road and the city. Presi-
dent Kinsey of the Board of Public
Utilities presided and made clear the
city's rejection of the compromise,
characterized the attitude of the
Wabash as a threat to make the
city accede to demands of the road
in future crossing separations.

Brown read a lengthy proposed
settlement contract, embodying
the following points:
Acceptance by the Wabash of the
city plan for Delmar, sub-
ject to certain changes, with im-
mediate commencement of work
on the viaduct.
Acceptance by the road of the
plan of carrying streets south-
west of Delmar over the tracks,
instead of elevating the tracks.
Postponement of other cross-
ing eliminations until the River
Peres is included, removing
danger of flooding the tracks.

Raising the tracks four and a
half feet above the ground level
between De Baliviere and Hamil-
ton avenues, instead of two and
a half feet, as planned by the
city; depression of the tracks two
feet lower than the city plans at
River Street road; all in order
to give a better grade at Delmar
viaduct.

Separation of the whole cross-
ing project into four groups, viz.,
1. Delmar, 2. Lindell and Un-
ion, 3. De Baliviere, Water-
man and Kingsbury, 4. Olive
Street road, with consecutive
work by groups.

Payment by the Wabash of
\$100,000 for the Delmar work,
covering 60 per cent of cost of
the viaduct proper, plus \$40,000
more cost of River des Peres
viaduct there.

Payment by the city of the en-
tire cost of relocating the tracks
rough Forest Park, in order to
make only one viaduct neces-
sary at Lindell-Union.

Payment by the Wabash of 60
per cent of cost of elimination
crossing other than Delmar,
and 40 per cent by the city.

Provisions of Order.
The Public Service Commission
of the State Supreme Court ordered
the city to pay 60 per cent of
the entire cost of the Delmar work,
and the city 40 per cent. The city
contends this is an unusually large
proportion for the city, due to the
reason of the River des Peres
viaduct, but has offered to bear
10 per cent of the cost at other
crossings, having 66 2-3 to the
Wabash.

About \$100,000 is the difference
between 33 1-3 and 40 per cent.
The amount of money the city
is fighting for. However, the city
contends that this question of di-
vision of cost at other crossings
is not enter into the Delmar mat-
ter, and that there is no reason
the road should not submit
the case as far as Delmar is con-
cerned.

Reply to this contention
the conference today, requesting
the whole question of it
and crossings settled before
any work.

Final Decision Wanted.
Councilor Senti announced
that he would have the appeal
taken on Page 2, Column 4.

PINK TOES APPEAR WITH THE SPRING ON PARIS STREETS

New Boot Is Less Than a Shoe
and More Than a Sandal—
Leaves Foot Free

Copyright, 1925, by The Press and Publisher
Publication Co., Inc., the New York World
and the Post-Dispatch
PARIS, March 9.—The Paris-
ienne has taken advantage of the
first sunny spring day to show her
pretty pink toes in public, shorn
even of the transparent covering
afforded by silk stockings. Barefoot
fashion has come.

Paris shoemakers, having ex-
hausted their inventiveness in cost-
ly ornamentation, have evolved
something which is more than a
sandal and considerably less than
a shoe. It consists of an excep-
tionally high heel and an excep-
tionally thin sole, and nothing else
except a golden strap around the
ankle.

The wearer's foot is quite free,
and although for the moment most
women still wear stockings, they
are eagerly waiting for the last
muddy days of winter to pass so
they may discard silk hose and
display their toes in unadorned
daintiness. For the last two sum-
mers it has been the custom for
women to go barefoot at Deauville
and other fashionable resorts, at
least when their feet were shapely.
But this spring the barefoot craze
is out to conquer the city.

Toeless shoes and unveiled an-
kles are expected to be features of
feminine styles at the race tracks,
at dances and even on the streets.

FALLING PIECE OF TILE INJURES TWO PEDESTRIANS

Man and Woman, on Olive Street
Side of Federal Building, Struck
on Feet by Fragments.

Two pedestrians were reported
slightly injured shortly before noon
today by a piece of tile which fell
from the cupola of the Federal
Building, Eighth and Olive streets,
striking the sidewalk on the Olive
street side. The two pedestrians, a
man and woman whose names were
not learned, were struck on the feet
by shattered fragments. Workmen
have been engaged for several
weeks in removing the cupola from
the dome of the building.

SEWING NEEDLE FOUND IN MUSCLE OF GIRL'S ARM

Miss Louise Brase of Edwardsville
Unable to Explain How
Needle Got There.

A sewing needle, imbedded in the
muscle of her right arm, just be-
low the elbow, was revealed last
week when physicians made an
X-ray examination of Miss Louise
Brase, Edwardsville telephone op-
erator, to find the source of a se-
vere pain which had developed.

The needle, slightly rusty, was
removed by an operation. Miss
Brase did not know how the needle
got into her body, and physicians
believe it had traveled along the
muscles for several years.

OFFERS WINE TO PROSECUTOR

Salesman Would Sell "Pre-War
Quality in a Legitimate Way."

SOUTHPORT, Pa., March 9.—L.
A. Wyeth, salesman for a New York
City Grape Products Co., was ar-
rested yesterday after closing Dis-
trict Attorney E. G. Potter as a
likely customer.

Wyeth blundered into Potter's of-
fice and smilingly asked, "If you
could get a pre-war quality wine at
a pre-war price in a perfectly legi-
timate way, would you be inter-
ested?" The District Attorney ad-
mitted he would. Wyeth produced
a bottle labeled "Wine with an
alcoholic content of 18 per cent."

Potter talked to the man until a
detective, summoned by a subordi-
nate arrived. Wyeth was unable to
furnish \$15,000 bail.

AUTOMOBILE THIEF HELPS RECOVER 64 CARS HE STOLE

Directs Department of Jus-
tice on 3400-Mile Trip,
Finding Machines in Five
States.

PRISONER TELLS OF HIS METHODS

M. P. Gribble, Who Posed
as a Salesman, Always
Took Auto With a Warm
Engine.

An automobile thief has assisted
in the recovery of 64 automobiles
stolen and sold by him in the past
18 months, returning here today
from a 3400-mile motor trip
through five states in which he
directed a Department of Justice
agent to the stolen cars.

Although he had kept no re-
cord of operations, the auto thief
was able to recall many places at
which he had sold stolen cars. As
each locality was visited it a va-
ried fresh memories of thefts and
sales, and so the trail led from
town to town and its state
until the party had recovered all
the machines that its guide could
recall selling.

The trail pointed out by Melvin
F. Gribble, World War veteran, of
Fopkinsville, Ky., who stole the
cars, led through Illinois, Ken-
tucky, Tennessee, Mississippi and
Alabama. The tour began Jan. 25,
after Gribble had been ar-
rested here on the Free Bridge with
a stolen car, admitted wholesale
auto thefts and agreed to assist in
the recovery of the machines.

Accordingly Gribble, released on
\$2500 bond, charged with violation
of the Dyer act, left St. Louis
with Agent John Lynch of the
Department of Justice, and Fred
Judge, a representative of the Au-
tomobile Protective and Informa-
tion Bureau of Chicago. The party
returned today after Gribble had
announced that he could remember
no more places where he had dis-
posed of stolen cars, despite the
fact that he believes he took almost
100 machines.

Sold Car at Low Prices.

Carrying a typewriter to give at-
mosphere to his professed occu-
pation as an automobile salesman,
Gribble, who is 32 years old, found
no difficulty in stealing automob-
iles. He took only cars whose
owners had left them unlocked at
the curb and during a year and a
half of stealing had no difficulty
in selling the machines to reputa-
ble automobile dealers, despite the
fact that the prices at which he
sold were ridiculously low.

Of the cars recovered 61 were
Fords, one was a Dodge and the
two others were Chevrolets. With
the exception of a few cars which
are tied up by legal proceedings,
the machines have been restored to
their owners.

"It was easy money," Gribble
told Federal agents, "and I had
only two rules to follow. One was
'Always take a car with a warm
engine.' The other was 'Always
take the car from the corner—
don't steal a machine from the
middle of the block.'"

"If you steal a car that's warm
it will start easy and the engine
won't die while you're getting
away. If you get the car from the
corner, you have plenty of room
to get away. You don't have to
jockey around to get out of the
parking line and you can get away
in one of three ways to get away."

"I always carried a typewriter
with me and posed as a salesman.
There are always plenty of boobies
who leave the switch keys in the
locks of their cars. I get in, start
the engine and drive away. If the
owner comes along before I get
away I look confused, explain that
I'm in the wrong Ford, and leave."

Stole 35 Cars in St. Louis.

Gribble stole 35 cars in St. Louis
alone. In Illinois the party re-
covered stolen machines in Chicago,
Chicago Heights, Pana, Danville,
Belleville, Freeburg, Mascoutah,
Hoopston, Georgetown, Teut-
opolis and half a dozen other towns.
Gribble also stole cars from Terre
Haute, Evansville, Paducah, Lou-
ville, Nashville and Memphis, dis-
posing of them as soon as he could
in smaller towns.

"I got in lots of jams, but I al-
ways squeezed out," he said, "at
least until that policeman got me
on the Free Bridge. Sometimes I'd
go into a garage, sell a stolen car
for around \$100, go outside and
steal another one from some place
near the garage and move right on
to the next town. I always told the

667,000 GIRLS IN U. S. BRIDES BEFORE THEY BECAME 16

Report of Russell Sage Foun-
dation Also States Most of
Them Are Native Whites.

By the Associated Press
NEW YORK, March 9.—More
than 667,000 persons living in the
United States today were "child
brides," less than 16 years of age
when they married and the great
majority of these, contrary to
popular belief, are native white
of native parentage. These are
a few of the many facts revealed
in an extended study of child mar-
riages pursued in 30 cities in 28
States, a preliminary report on
which has just been made public
here by the Russell Sage Foun-
dation.

This situation is due in large
measure to two causes, says the
report: the fact that many States
require no better evidence of age
than the affidavit of one of the
candidates for a marriage license
and that the legal minimum mar-
riage age is still only 12 years for
girls and 14 years for boys in New
York, New Jersey, Pennsylvania,
Kentucky, Louisiana, Virginia,
Florida, Maryland, Rhode Island,
and Tennessee, Colorado, Idaho,
Maine and Mississippi.

MICHIGAN ISLAND'S MYSTERY MAN FOR 50 YEARS DIES

"Dr. Protar," Believed to Have
Been Russian Nobleman in Ex-
ile, Kept Identity Secret.

ST. JAMES, Beaver Island,
Mich., March 9.—Beaver Island's
man of mystery is dead. When he
is buried tomorrow he will take
with him to the grave the secret
of his identity which he has pre-
served for the 50 years he has
lived here.

The man, known only as "Dr.
Protar," was believed to have been
a Russian nobleman in exile. Up
to the time of the World War he
received remittances from Russia
which ceased about 1918, and
were not resumed.

"Dr. Protar" apparently de-
stroyed all possible papers of iden-
tification. He possessed an exten-
sive library, including many books
of travel.

"Protar" was called "doctor" be-
cause he frequently went about the
island ministering to the sick, al-
though he never accepted pay-
ment for his services and always
made it clear he was not a gradu-
ate physician.

JOHN D. ROCKEFELLER AT THE TOP OF HIS GOLF GAME

Oil Magnate Holes Par 3 on Sev-
enth and Was Down in Birdie 4
on the Eighth.

By the Associated Press
ORMOND BEACH, Fla., March
9.—John D. Rockefeller was at the
top of his golf game here today
and when he finished his daily
eight holes after being on his game
all the way, he was as jubilant as
though he had made a hole in one
on the abbreviated round.

He holed a par 3 at the seventh
hole and was down in a birdie 4
on the long eighth. At both holes
his drives were down the middle
of the course and on the seventh
his approach stopped on the lip of
the cup.

On the eighth Rockefeller got
his weight behind his tee shot and
it was 175 yards and straight when
the ball stopped rolling. His sec-
ond shot, a full brassie, landed him
on the edge of the green and his
approach was six feet past the cup.
Carefully gauging the putt, he ap-
plied the magic touch and it rolled in.

WOUNDS POLICEMAN HE MISTOOK FOR BURGLAR

Watchman, Who Did Shooting, Also Was Thought by Patrolman to Be a Robber.

A policeman and a private watchman, both on the lookout for burglars, encountered each other early today. Each mistook the other for a burglar and the watchman fired a shotgun, slightly wounding the policeman.

The scene of the shooting was the W. B. Burgess Screen Co., 1212 Marcus avenue, from which burglars on Saturday took two automobile trucks and 70 rolls of copper screening, valued at \$1000, the trucks presumably being used to haul the screening. Determined to have no more burglaries, Burgess last night put an employee, William Sanders, 1905 Wagoner place, on guard.

At 4 a. m. Patrolman Cornelius Krome passed by and tried to enter the front door. There was a yell from within. Krome then demanded admittance. There was no response and he rapped with his nightstick until Sgt. Hayes and Patrolman Bush arrived. The police agreed they had trapped a burglar.

Krome played his flashlight on the watchman inside fired his shotgun at the ray of light. Most of the shot passed between Krome and Bush, but one pellet lodged in Krome's right thigh. He was treated at city hospital, then returned to the Deer Street Station to report. Sanders, at Krome's request, was not arrested.

Krome is 30 years old and resides at 3125 Vase Grove avenue.

BYRNES INJECTS HUMOR INTO THE MAYORALTY RACE

Democrat Facetiously Describes His Opponent as Candidates' Hippodrome of 1925.

ASPIRANTS MEET WITHOUT A SPAT

Victor Miller Pleased With Being Referred to as Whirling Dervish of Law Enforcement.

The personal element in the mayoralty contest took a humorous turn today when James W. Byrnes, Democratic candidate, facetiously described his opponents by one as "the Mayoralty Candidates' Hippodrome of the Folies 1925."

He was the first of the mayoralty candidates to speak at a luncheon of the Traffic Club in the Chamber of Commerce dining room at 1000 N. 1st St. Louis P. Aloe, Republican, and William L. Igoe, Democrat, were absent.

"I'm going right down the line," said Byrnes, "and show them in my true light. First there is Louis P. Aloe, a politician, a politician, and a politician, who would almost give me a live commitment."

There is Circuit Judge Grimm, a lawyer and politician. Page Mr. Shapleigh, I know Al Shapleigh, one of the biggest men in St. Louis, who is not supporting me.

Thrust at Igoe, William L. Igoe, lawyer, politician, reputed to be shrewd. Has support of the entire Democratic State Committee, except that of the Seventeenth Ward, where Daley, Neither Igoe nor the committee have the courage to acknowledge each other.

Judge Hall—campaigns all day and during the noon hour, belittles renders justice from the bench. Reputed in some circles to have capacity for asking questions.

Victor J. Miller, lawyer, Oh, every con-tom, call every member of the Metropolitan Police for the whirling dervish, the Poe-Bah of law enforcement here.

Reminded of Poem.
George E. Dieckman, banker and poet, called to mind the poem, "The Animals were two, the elephant and the mouse."

P. J. Cavanaugh, little known, but not least, your humble citizen, a business man, who has nothing about politics but is straight from the shoulder attempts to point specifically the savings and economies which will be effected in municipal government.

The other candidates in attendance replied in kind. Miller answered he thought "whirling dervish of law enforcement" a compliment and turned to the Terrell problem, urging investigation by a committee of experts. Judge Hall asserted the Mayor should do nothing about the Terrell problem but "help to high heaven." The Interstate Commerce Commission controlled rates, he said, and the Mayor could not do the commission's power.

Job Promised to Byrnes.
Judge Grimm promised, if elected, to make Byrnes the court clerk. The "criminal problem" could be settled by a minute's thinking, he said.

Dieckman moved his Republican friends by criticism of his own party. "There is dissension in ranks of the Republican party," he said. "They are not where they stand. Unless this situation is remedied, the Republican nomination will not, as in the past, be the equivalent of election."

Next Mayor will be a Democrat.

SENATE URGED TO CUT POLICE PAY INCREASE

City Officials Say City Can't Raise More Than \$550,000 a Year for That Purpose.

The Board of Estimate and Apportionment today telegraphed 12 State Senators at Jefferson City, stating that the city could not support its institutions and pay policemen a salary increase aggregating more than \$550,000 a year, and asking the Senators to "use their best effort to preserve the official integrity of the City of St. Louis."

The message was signed by Mayor Kiel, Comptroller Nolte and President Nease of the Board of Aldermen, and refers to the police salary increase bill now before the Legislature, which if passed would increase salaries nearly \$800,000 a year.

Comptroller Nolte declared last week that if increases are obtained by policemen, firemen and other city employees, as desired, "there will be no salaries paid after next December."

The telegram today was sent to Senators Casey, Kinney, Hamlin, McGawley, Depelbauer, Summers, Anderson, Warner, Cavanaugh and Brogan; to Jones H. Parker, Speaker of the House, and to David Peters, majority floor leader. It read:

"St. Louis absolutely cannot take care of the imperative needs of its own elementary and hospital institutions and pay its police more than \$550,000 per year in increased wages. This will give patrolmen an increase of \$25 a month and make their pay \$170 a month and will increase other members of the department in proportion. Please use your best effort to preserve the official integrity of the city of St. Louis."

The police salary bill was passed by the House Feb. 24. Last week Comptroller Nolte said an increase of 8 cents in the tax rate on the \$100 valuation would be necessary to meet the increase. If it is passed by the Senate, and that the work of other municipal departments would have to be curtailed.

21 CHILDREN CARRIED TO SAFETY FROM FIRE

Granite City Apartment Building Blaze Leaves 10 Families Homeless, Some Destitute

Twenty-one children, many of them babies, were carried in their night clothing to safety from a fire which destroyed a two-story brick apartment building at 1311 Twenty-first street, Granite City, early today, leaving 10 families homeless and some of them destitute.

The tenants, comprising 47 persons, were roused from their beds at 5 a. m. by C. H. Sefton, owner of the structure, who discovered a blaze in his own quarters and ran from door to door warning the occupants and helping them to escape. He remained in the building until every occupant was safe and left only after he had suffered severe burns about the head.

Today the most of whom saved nothing from the fire except the clothing in which they fled, are taking refuge at the St. Joseph School, across the street and are being cared for by the Sisters of the Institution.

Attempts made by some to recover their belongings were futile, for the structure was a mass of flames within a few minutes after the first alarm was given. James Rogers, a tenant, was trapped in his quarters on the second floor when he ran back to get clothing and was rescued by means of a rope thrown to him by his sister-in-law, Mrs. Charles Condon.

The blaze is believed to have originated from defective wiring of a coal oil lamp which had been left burning in Sefton's quarters. The property loss was estimated at \$15,000. Insurances of \$5000 were carried on the building, which was valued at \$12,000, but none on the contents. The fixtures and stock of a confectionery store on the first floor also were destroyed.

EVIDENCE OF LOSS OF MILLIONS TO U. S. IN TAXES
Continued from Page One.

Treasury, L. C. Manson, special investigating counsel for the Couzens committee, testified.

"In other words, they ignored Grimes' valuation," Couzens asked, and Manson testified that this was so for the years 1917 and 1918, although afterward the Grimes figures were taken.

In the case of the Inspiration Copper Co., Manson brought out, the claimed valuation was \$62,214,806. Grimes reported it should have been only \$17,292,074, but the Treasury permitted \$92,134,730 to be claimed and used as a tax base.

Enormous Loss in Revenue.
Manson presented this testimony to illustrate his argument that the Treasury has been losing enormous amounts in revenue through laxness in checking returns and in applying scientific rules in allowing deductions for depletion, amortization and other items.

He told the committee, according to the record, that from the tax returns of 54 other copper and other companies it appeared that they had overvalued ore in the ground by \$50,000,000, and, using this as a basis for figuring depletion allowances, had caused the Treasury "an annual tax loss of \$5,127,096 for 1919 and subsequent years."

Manson put into the record memoranda to show that although Internal Revenue Commissioner Blair had approved revaluations recommended by Grimes, Blair, with Secretary Mellon's approval, issued an order on April 17, 1924, stopping revaluations on silver mines.

Grimes, said Manson, believing this meant the loss of revenue and the continuance of fictitious valuation claims, appealed to Blair by memorandum of June 18, 1924, to permit the revaluation to continue.

No Reply From Blair.
"It would appear," Manson testified, "that this memorandum never reached the Commissioner, inasmuch as a reply has never been received by the metals valuation section."

Commissioner Blair denied he had seen it, said Manson, but when a search was instituted the missing appeal was found in Blair's files, devoid of any initial to show that he had handled it. Blair said he could not understand how the appeal had got there, Manson told the committee.

Grimes testified he had handed this memorandum to S. M. Greenidge, head of the engineering division, who informed the committee that he and J. G. Bright, Deputy Commissioner, had taken it to Blair.

This appeal, emphasizing the desire of the metals valuation section to proceed with its work in stopping the "leak" on depletion claims, stated that "in the revaluation of the copper mining companies for 1919 and subsequent years, the Jan. 1, 1919, value remaining for depletion, computed from the first 33 revaluations to be completed, had been reduced from \$1,108,933,738 allowed by the original or provided valuation to \$242,285,579 allowed in the revaluation."

Large Oil Valuations.
Large oil companies also had "set up a valuation for depletion purposes which is absurd in the extreme," according to testimony by A. F. Fay, consulting engineer for the Couzens committee. The Gypsy Oil Co. case was taken up by the committee the record disclosed. Fay charging the company had received excessive depletion al-

Housewife an Inspector In Cleanliness Campaign

After Riding East St. Louis Street Cars Six Weeks She Makes Report—151 Employees Get Bonuses.

That East St. Louis housewife who has been riding the street cars three nights and day for the last six weeks had a purpose. She had not deserted her house, as some supposed, nor was she merely wasting her time.

She was acting as inspector-general for the East St. Louis & Suburban Railway Co. in its third annual clean-up campaign for cars and crews. She surveyed necks and steps, collars and floors. On the basis of her reports, 47 men who kept themselves and their cars exceptionally neat, have just been given a day off with pay and a \$5 bonus, and 104 more, who succeeded in tidying themselves or the cars, got the bonus.

Campaign for Cleanliness.
W. H. Sawyer, president of the railway company, today told the story. For three years the company has conducted a constant campaign for cleanliness. This year a talented woman, described by Sawyer as an "experienced, unprejudiced housewife," was selected as inspector.

She reported finding cars and lowances with consequent big tax savings, and that "this taxpayer had received excessive discovery valuations to the extent of \$14,610,958."

Further testimony is to be presented, it is understood, on the silver mine cases, and on several large oil companies. The committee already has gone into deductions allowed the Aluminum Company of America, in which Secretary Mellon is the dominating influence.

The transcript filed with the Senate indicates that the Couzens committee, which meets in executive session, criticized amortization allowances for the Aluminum Company on the ground that they were excessive. On the basis of the fragmentary evidence so far made public, the consequence was a tax saving running into the millions for the Aluminum company, with an equal loss to the Government in revenue.

Mrs. Mina Kanzler, 70 years old, widow of Peter Kanzler, a merchant, dropped dead at her home, 417 North High street, Belleville, yesterday morning. Her granddaughter, Miss Elvira Kanzler, who made her home with Mrs. Kanzler, found her lying in the yard after she had failed to receive response to repeated calls. The funeral will be held Thursday at Walnut Hill cemetery.

"Yellow Kid" Well Dismissed.
By the Associated Press.
CHICAGO, March 9.—Failure of the prosecutor to persuade H. I. Cutter, Hamilton, O., manufacturer, to appear today against Joseph "Yellow Kid" Well, Chicago, on charges of swindling the Ohio man out of \$37,000 resulted in dismissal of a charge of conspiracy against the alleged confidence man today.

Manson put into the record memoranda to show that although Internal Revenue Commissioner Blair had approved revaluations recommended by Grimes, Blair, with Secretary Mellon's approval, issued an order on April 17, 1924, stopping revaluations on silver mines.

Grimes, said Manson, believing this meant the loss of revenue and the continuance of fictitious valuation claims, appealed to Blair by memorandum of June 18, 1924, to permit the revaluation to continue.

Woman Hit by Outo As SHE CROSSED STREET DIES

Mrs. Lillian Schrieber Succumbs to Injuries; Driver Says He Did Not See Her.

Mrs. Lillian Schrieber, 55 years old, of 1363 Clara place, died at City Hospital this afternoon of injuries suffered last night when she was crossing a park boulevard at Walton avenue. She suffered fractures of the skull, left arm and right leg.

The automobile was driven by John C. Heman of 1710 Washington avenue, University City, head of the Heman Construction Co. The car was the property of his mother, Mrs. John C. Heman Sr., widow of a former Mayor of University City. Heman told police he was driving at a moderate rate and did not see Mrs. Schrieber until she was hit.

Mrs. Schrieber was unconscious and was not identified until her husband, Morris, notified police, she had not returned home.

LOS ANGELES, Cal., March 9.—Attorneys for Mrs. Margaret Willis, sentenced to life imprisonment for the murder of Dr. Benjamin B. Baldwin, last April here, at noon today filed a murder complaint against Harold Willis, her 14-year-old son, who last week made a purported "confession" to the crime.

University Student Jumps to his Death.
By the Associated Press.
NEW YORK, March 9.—Henry Mead, a graduate student at Columbia University, today jumped to his death from the sixth-floor window of Hartley Hall, one of the University dormitories. His body narrowly missed striking several pedestrians. His home was in this city.

Disappeared Feb. 17.
Miss Reichert had just reached the point where she was to give a series of concerts and had plunged into preparation for them with feverish energy. She also had difficulty in finding proper quarters in which to stay. The girl disappeared about midnight, Feb. 17. She left all her belongings, her passport and even her jewelry in her room.

ILLINOIS YOUNG WOMAN MISSING IN GERMANY

Parents, in Leipzig, Promise Reward for Recovery of Miss Helen Reichert of Canton.

Special to the Post-Dispatch.
LEIPZIG, Germany, March 9.—W. P. Reichert, jeweler, of Canton, Ill., today promised a reward for the recovery of his daughter, Helen Reichert, musical student, whose disappearance started a country-wide police search and brought her parents from America to find her. It is feared that the young woman may have killed herself in a fit of depression from overwork in preparation for a series of concerts.

Helen Reichert, who is 26 years old, had been studying music first at Stuttgart, then at Leipzig.

Tells of Gloomy Letter.
"Helen wrote us last, early in February," her father said. "The letter was extremely gloomy. In Leipzig under Lambrine. Her teachers considered her one of the most promising pupils they ever taught."

Miss Reichert studied in Stuttgart under Prof. Max Pauss, then in Leipzig under Lambrine. Her teachers considered her one of the most promising pupils they ever taught.

GERMAN SOCIALISTS SMASH COALITION

Nominate Otto Braun for Presidency—Reactionary Groups to Unite on Candidate.

By SAMUEL SPEWACK.
Berlin Correspondent of the Post-Dispatch and New York World.
Copyright, 1925, by the Press and Publishing Co., the New York World and the Post-Dispatch.

BERLIN, March 9.—An Ebert was sadly lacking in the ranks of Socialist leadership when the party chiefs last night split the Republican coalition and decided to present Otto Braun, former Minister-President of Prussia, as their candidate for the presidency.

The reactionaries, who had been waiting for the Socialist decision, were quick to take advantage of it. They announced they would present a joint candidate for the German National, People's and Bavarian People's parties, and the right element of the Centrum.

By Wednesday they must decide who this man will be. The choice rests between Adam Stegerwald, leader of the Right Catholics and a former Minister-President of Prussia, and former Minister of the Interior Karl Jarres of the People's party, representing big business.

Two Elections Possible.
It is assumed that the Republicans have not a ghost of a chance to obtain the necessary majority for any of their individual candidates; and that the reactionaries have just the ghost of a chance.

An even split in Republican ranks does not mean a walkover for the reactionaries; for their candidate must have an absolute majority to win.

The German Constitution allows for two presidential elections. In the first, to be held March 23, a majority is necessary for a decision. In the second, held if no candidate obtains a majority, a plurality is sufficient.

On the basis of the last Reichstag vote the reactionaries will be hard put to get their man through on the first poll.

But unquestionably the Socialists have hurt the Republican cause tremendously. They have succeeded in showing that the Republican groups are torn by dissension just as they were reaping prestige in the nation's tribute to their stricken leader.

5 MONTHS IN JAIL FOR SWAPPING WIVES

Farmers and Their Mates Are Sentenced by Judge at Bloomfield, Mo.

Special to the Post-Dispatch.
BLOOMFIELD, Mo., March 9.—Two young farmers and the wives they traded recently in a remarkable love tangle, were arraigned together before Circuit Judge Walker on a statutory charge today. All four pleaded guilty and each was sentenced to five months in the Stoddard County jail.

The two couples—Mr. and Mrs. Curt Wallace and Mr. and Mrs. Otis Cravens—had been in the jail since Friday when they were arrested. The husbands explained that they traded wives on Feb. 2 after a conference in which their heart affairs were discussed and the course determined.

Wallace, 27, and his wife, Cora, 24, were married seven years ago. They have three small children. Cravens, 30, and his wife, Nellie, 22, were married eight years ago and have two children. The children were sent to relatives when the wife-trading agreement was effected.

At the hearing today, the prosecutor recommended a two-months' jail sentence, explained that the men were needed on their farms to "put in their crops." Judge Walker, however, imposed the greater punishment.

Outside the courtroom, Wallace said: "Well, it will be a long time before we can get our divorces and get married again, but we will do it, just the same."
"I loved my husband when I married him, but not now," Mrs. Wallace said.
"The only complaint I have," Cravens said, "is that we won't get out in time to make our crops this year."

STOKES BEGINS FOURTH DAY ON WITNESS STAND

Asserts He Gave Wife \$500 for Pin Money—Denies He Knew She Had an Income From Mother.

STATEMENTS ANGER HIS OWN COUNSEL

Each Question of State Leads to Long Argument and Brings Rebuke From the Court.

By the Associated Press
CHICAGO, March 9.—Examination of W. E. D. Stokes, millionaire hotel owner, continued today, his fourth on the witness stand, in his trial with Robert F. Lee, Chicago negro, for conspiracy to defame his wife, Mrs. Helen Elwood Stokes of Denver.

Milton D. Smith, Assistant State's Attorney, continued his driving questioning, undeterred by the warning last Friday by Judge W. N. Gemmill, that he thought the State possibly had destroyed its case by asking unsupported accusatory questions.

Stokes testified today that after their marriage he allowed Mrs. Stokes \$500 a month for pin money, and denied that he knew Mrs. Stokes had an income of \$200 a month and expenses from her mother, Mrs. Arthur Scott Miller of Denver, who had an income of \$1500 a month. He denied that his son, his first marriage, W. E. D. Stokes Jr., ever had been forced to lend money to Mrs. Stokes, except in possibly one instance, for theater tickets.

Counsel Angered by Witness. Stokes testified that Etta Wright, caretaker at the Everleigh Club, a resort well known in the night life of Chicago several years ago, identified a picture of Mrs. Stokes as that of "Helen Underwood," a former inmate of the club, pointing to an ermine coat as a present from Mary Field, a friend of the identifying marks. Stokes testified last Friday that he had been told that Field Jr. was killed in the club. The coroner's record at the time indicated Field was killed while cleaning a gun.

Under Smith's questioning, Stokes argued so heatedly that C. F. Rathbun of Chicago, his counsel, arose and demanded of the aged defendant: "Do you want me to represent you here or don't you?"

W. W. Smith, assistant State's Attorney, unsuccessfully demanded that the remark be stricken from the record.

Argument Over Each Question. Each question brought on a long argument, the cross-examiner shouting and gesticulating and the witness matching his efforts with Rathbun and W. W. Smith trying to interpose objections.

"You are about even," replied Judge Gemmill, once when M. D. Smith appealed to him to force Stokes to "quit arguing."

Much of the cross-examination dealt with pictures from Mrs. Stokes' album.

In trying to force a "yes" or "no" answer to his question: "Did you want the children in 1925?" Smith encountered his third rebuke of the trial from Judge Gemmill.

"Cross-examination is like any other examination," said the Judge, "we are seeking the truth and nothing but the truth. You have a certain right, but the defendant has an ample and very broad right."

Stokes answered, after the question had been rephrased: "I wanted to see that the children were provided for. I do not know whether I am a proper person to have custody; whether any man is a proper person to have direct custody of young children."

Letter to His Agent. Stokes identified a letter he had written to a Chicago agent in which he said he wanted to paint his wife in such colors that it would be shown in court she was not a proper person to have charge of their two children, whose custody had been given her by a Colorado court.

"I wanted to do it for the children," Stokes insisted, was his only reason.

The defendant testified that since he started the investigation, which resulted in the present trial, he had learned that none of the information obtained in his three-year search through the former Chicago underworld and various other cities and towns have been admissible in his New York divorce suit.

HOBBS GETS 2 YEARS AT HARD LABOR IN 'MR. A' FRAUD

SPECIAL to the Post-Dispatch.
LONDON, March 9.—William Cooper Hobbs, aged law clerk, was found guilty today by the jury trying him on charges of conspiracy to defraud and receiving checks through fraud. The Crown charged that Hobbs received paper by which Sir Harri Singh, the notorious "Mr. A" was blackmailing for \$750,000 because of the Indian Prince's illicit romance with Mrs. Maude Robinson, wife of an English bookmaker.

The jury was out 25 minutes. Hobbs was sentenced to two years at hard labor.

SAVE HANDS WITH LEMONS

Keep a California lemon in a
corner always on the sink. Every
time you wash dishes, dust furni-
ture or bric-a-brac, sweep, or do
any kind of work that's rough on
your hands, rub the skin with lemon.
It will take off skin-stains, re-
move the soap-curd that stays on
your hands to check and crack them,
and keep the skin smooth, soft and
white.

It is the simple, inexpensive and
effective way that millions of wom-
en use.

Try it for ten days and see how
much better your hands look and
feel. You'll always do it if you try
it.

Get a dozen California lemons
and keep them always handy
with this highly profitable use.

TESTIMONY BEGUN IN TEAPOT DOME LEASE LITIGATION

Assistant Secretary of the
Interior Is First Witness
Called by Government at
Cheyenne.

By the Associated Press.
CHEYENNE, Wyo., March 9.—
The Government's suit to annul
the lease of Teapot Dome to the Mam-
moth Oil Co., one of the Harry F.
Sinclair group, opened in Federal
Court here before Judge T. Blake
Kennedy at 10:02 o'clock this
morning.

Atlee Pomerene, associated with
Owen J. Roberts as special coun-
sel for the Government, opened the
trial in a statement which reviewed
briefly the transactions which led
up to the granting of the lease to
the Mammoth company.

Pomerene declared the Govern-
ment would seek revocation of the
lease on two grounds, first that it
was without any authority of law,
because it was let to the Mammoth
without competitive bidding, and
without having been advertised.

As Result of Conspiracy.
He charged secondly that the
lease and contract "entered into
as a result of conspiracy on the
part of Sinclair and the Secretary
of the Interior (Albert B. Fall)."

Pomerene said it would be shown
that, while the transactions be-
tween Fall and Sinclair were ac-
tually under way for the lease
statements were made public that
nothing was being done.

Pomerene told of a meeting be-
fore the lease had been obtained
by the Mammoth company between
Sinclair, J. E. O'Neill, at that time
president of the Prairie Oil and
Gas Co., J. M. Blackmer, president
of the Midwest Oil Co., A. E. Hum-
phreys, Mexia, Tex., and Denver oil
operator, and H. S. Osier, president
of the Continental Trading Co.,
Ltd., of Canada.

\$196,000 in Bonds to Fall.
Pomerene said the Government
would show Humphreys contracted
to sell 33,000,000 barrels of crude
oil to the Continental Trading Co.,
since gone out of business, at a
price of \$1.50 per barrel.

He charged that Sinclair, repre-
sented the Sinclair Crude Oil Pur-
chasing Co., and O'Neill, for the
Prairie Oil Co., guaranteed the
sale. Later the same day, Pome-
rene charged that the Continental
Trading Co. resold the 33,000,000
barrels of oil to the Sinclair Crude
Oil Purchasing Co. and the Prairie
Oil Co. for \$1.75 a barrel, an ad-
vance of 25 cents a barrel.

On May 8, 1922, Pomerene said,
\$300,000 in Liberty bonds were de-
livered to Osier in part payment
for the oil purchased by the Sin-
clair and Prairie companies, and a
few days later \$196,000 of these
bonds were in the possession of
Fall. This was one month after
the Teapot Dome lease was signed
by Secretaries Fall and Denby, on
April 7.

Edward C. Finney, Assistant
Secretary of the Interior, was
called as the first Government wit-
ness when Pomerene concluded his
statements, and after the defense
announced that its opening re-
marks would be reserved until the
Government had rested its case.

Says Fall Ordered Secrecy.
Finney testified that he was not
informed by Fall of the signing
of the Teapot lease until several
days after it had been an effect.

Previously, he had testified that
under the custom prevailing in the
Department, leases relating to Gov-
ernment reserves had been sub-
mitted to him for approval. Fin-
ney said that advertisements for
competitive bids on the Teapot
lease had not been made.

Finney said that Fall had in-
sisted an office memorandum re-
questing employees of the Interior
Department not to give out details
of the contract. Later this con-
tract was made public after a re-
solution requesting information con-
cerning it had been introduced in
the Senate by Senator Kendrick of
Wyoming.

Sinclair appeared in the courtroom
only a few minutes before the bail-
iff rapped for order. He took a
seat against the wall to the left
of the defense counsel table.

HOGAN AND MEININGER

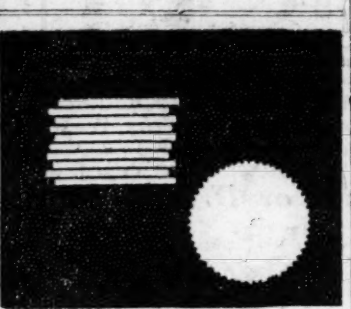

CASES AT UNION CONTINUED

Former Scheduled to Go to Trial
March 30 on Charge of Rob-
bing Bank Messenger.
Special to the Post-Dispatch.
UNION, Mo., March 9.—At the
opening of the March term of the
Franklin County Circuit Court to-
day the cases of Jimmy Hogan, and
of Arthur O. Meininger, looter of
the defunct Night and Day Bank of
St. Louis, were on the docket, but
were passed down till later in the
term by agreement of counsel.

Hogan, who is charged with the
robbery of Ernie Pillow, a negro
bank messenger, in St. Louis on
April 4, 1921, was convicted here
and sentenced to 15 years' im-
prisonment, but the State Supreme
Court ordered a new trial, at which
the jury disagreed, last year. His
case was set today for March 30,
and Circuit Judge Breuer's admon-
ished counsel to be ready for trial.
Circuit Attorney Siderser said he
had not been able to have certain
witnesses here today.

BORAH INSPIRES DEBATE ON 'WHAT IS A REPUBLICAN?'

Idaho Senator Says No
Speaker in West Could
Describe G. O. P. Party
as Such in Last Race.

REGULAR AID TO
TICKET DISCUSSED

"Regulars" Win Out With
Election of Stanfield, as
Head of Public Lands
Body Over Ladd.

WASHINGTON, March 9.—The efforts of Republican "regulars" to displace "insurgents" in their committee ranks led to a spirited debate in the Senate today between Senator Borah and others on what is a Republican.

In the end the regular were victorious, electing Senator Stanfield (Rep.) of Oregon, as chairman of the Committee on Public Lands and Surveys in place of Senator Ladd, North Dakota, who was read out of the Republican conference. Most of the Democrats voted present.

The vote was for Stanfield, 26; Ladd, 13; Jones (Dem.) New Mexico, 3; absent, 27.

Two Democrats, Copeland of New York and Wheeler of Montana, voted for Ladd, while one Democrat, Bruce of Maryland, voted for Stanfield.

Norris made a point of order on the roll call a chairman had not been elected because no one had received a majority of the total number of votes in the Senate. President Pro Tempore Moses, however, overruled the point, holding Stanfield elected by a majority of the votes cast.

Norris of Nebraska had offered a formal motion to substitute the name of Ladd, an insurgent, for Stanfield.

Some of the Democrats objected to a straight-out vote between Senators Ladd and Stanfield to the exclusion of a Democratic candidate, Senator Harrison (Dem.), Mississippi, telling the Republicans leaders that Democratic Senators had no desire to enter the "Republican family row." A long and complicated parliamentary discussion followed.

A suggestion that the Democrats nominate Senator Pittman of Nevada for chairman of the committee was objected to by Pittman, who said he did not want to be chairman of a Republican committee.

Senator Robinson of Arkansas, the Democratic leader, subscribed to the position taken by Harrison. He said the Republicans had the majority and should be permitted to organize the Senate, but he added that if they showed inability to do so, the minority might have to act.

Borah joins in discussion. Asserting that at least in the West no speaker could with any success discuss the Republican party as such in the last campaign, Senator Borah said the people had elected not a party, but Calvin Coolidge.

If the test of loyalty is the support of the national ticket, Borah said, he might not be able to class as a Republican, as he had refused to support the head of the ticket several times.

"Are you a Republican?" asked Senator Ernst of Kentucky. "I think I am," replied Borah.

"That's a question," retorted the Kentucky Senator.

"I notice that you all regard me as a Republican from Sept. 1 to election day, when you send for me to help you in your campaign," returned Borah.

"That's the time the Senator regards himself as a Republican," interrupted Senator Watson (Rep.) of Indiana.

"The reason you ask me to help you," resumed Borah, "is because I am speaking views similar to those entertained by these men you are trying to put out of the party."

"Because the people of the West elect a man to represent them, you call them radical and question their loyalty," Borah continued. "I knew the people of the Northwest, and they claim to be Republicans, but I say to you now that if you carry out this program you will turn them over to my friends on the other side (the Democrats) who are sitting here with such a contented demeanor."

Advertising to Vice President Taft's inaugural day strictures on Senate rules permitting a one-man filibuster, Borah said that "if some Republican had been courageous enough to have filibustered and killed some of the appropriation measures, so it would have been necessary to call a special session of Congress, it would have been a distinct act of patriotism. In accord with the promises made to the people represented by the man about to be demoted."

DRINK WATER IF BACK OR KIDNEYS HURT

Begin Taking Salts if You
Feel Backache or Have
Bladder Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poisons, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges.

To help neutralize these irritating acids and flush off the body's waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salt is made from the juice of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

COLDS THAT DEVELOP INTO PNEUMONIA

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with untold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds, and other forms of throat and lung trouble. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist, Creomulsion Co., Atlanta, Ga.

PRECAUTIONS AGAINST FRAUD AT PRIMARY

Regular Police Detail and 236
Deputy Commissioners to
Be on Duty Friday.

Police protection and a squad of 236 Deputy Election Commissioners will be employed by the Election Board Friday to see that no fraudulent voting enters the primary contest for municipal offices.

George Eigel, chairman of the board, said today.

Candidates for Mayor, Comptroller and 14 seats in the Board of Aldermen will be nominated by the Republican, Democratic and Socialist parties Friday.

"We are carrying out the policy instituted by the last board in every detail," Chairman Eigel said. "Arrangements have been made for the assignment of a police officer to every polling place and in those places where we deem it necessary two officers will be assigned."

"There will be 236 Deputy Election Commissioners available to be dispatched to any precinct where trouble is reported and they will make the rounds of inspection of all places throughout the day. In addition the members of the board will visit some of the polling places."

Chairman Eigel said the Deputy Commissioners were appointed by the board without suggestion from either of the committees of the political parties. Appointment of 60 judges and clerks to fill vacancies occurring since the last election, also was made without reference to the party organizations.

4 MEN CHARGED WITH MURDER OF DRY AGENT AND DEPUTY

Three Brothers and Their Nephew
Are Accused of Killing at
Lake Charles, La.

LAKE CHARLES, La., March 9.—Affidavits charging murder against Byron, Eustice and Robert Dunn, and Winfred Buge, their nephew, were filed here today in connection with the deaths of William E. Collins, Federal prohibition agent and Samuel E. Duhon, a Deputy Sheriff of Calcasieu Parish, whose bodies were found late Saturday. The men had been missing for almost 24 hours following their start on a search of the Dunn brothers' home for liquor.

The affidavits were filed by State authorities and warrants were issued against the four men who already are in jail. In addition to the murder charges the Duns also were charged with making and selling alcohol liquor. The latter charges were made as the result of Sheriff Melton of Orange, Tex., who was visiting here, announcing the discovery of a distillery outfit in a dugout near where the Duns' home was destroyed by fire last Friday night.

Funeral services for Collins will be held in Shreveport today. Duhon was buried here yesterday. Men in robes of the Ku Klux Klan appeared and carried out the ritual for deceased members of the order.

The fund being collected by the Lake Charles American Press for the relief of the widows and orphans of the two officers had reached a total of \$3000 today. The American Press gave \$100, the men's Bible class of the Baptist Church \$1000, the Ku Klux Klan \$1000, and the Knights of Columbus \$900.

STRATON CONDEMNS FOSDICK'S INDORSEMENT BY BAPTISTS

New York Pastor Also Criticizes
Rockefeller Gifts to Denominational
Missionary Work.

NEW YORK, March 9.—Commenting upon the recent endorsement of the ministry of the Rev. Dr. Harry Emerson Fosdick in a Presbyterian pulpit by 41 members of the Baptist Ministers' Conference, including Dr. Woolfkin, pastor of the church attended by John D. Rockefeller Jr., the Rev. Dr. John Roach Stratton, in a "Current Topic Talk" to his congregation at the Calvary Baptist Church last night, asked if such action did not mean that the Baptist brotherhood was "really driving fast upon the rocks."

Stratton declared that "Mr. Rockefeller has recently tightened his grip on our denomination here in the northland by paying the debts of our woman's missionary societies and making other large gifts to our missionary work."

Stratton suggested that the time for come for "a change in crew for our Baptist ship, carrying with it a complete right-about of direction, if we are to be saved."

He lamented "the transformation of churches from great spiritual soul-winning centers into mere literary societies, social clubs and forums." He declared that "indifference and greed on stage and screen" were the "partial fruit of modernism in church, school and state."

Inner Tubes Ford Size

Exton Brand Laminated Tubes 30x3 1/2 Schrader Valves Guaranteed First Quality Tested

Exton Inner Tubes are made from selected plantation crude rubber, smoked sheets and latex crepe. In compounding these crudes are blended so as to yield a product of maximum uniformity.

The toughening ingredient is the highest grade of zinc oxide obtainable for rubber work. This zinc oxide and the accelerator of vulcanization used, impart the great toughness—resistance to tearing—resistance to heat on the repair plate and long shelf life to the product.

The four laminations of the stock and the wide overlap at the seam on which the valve pad is vulcanized insures against porosity and minimizes the possibility of valve trouble.

Dr. Edwards' Olive Tablets Get to the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath and quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and ever, stimulating them to natural action, clearing the blood and gently purifying the entire system. They are that which dangerous calomel has without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are given without Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. P. M. Edwards discovered the formula after seventeen years of practice with patients afflicted with bowel complaints, with the attendant bad breath and other troubles.

Olive Tablets are purely a vegetable product and contain no oil. You will find them by their olive color. Take one every night for a week and note the results.

BAD BREATH

Dr. Edwards' Olive Tablets Get to the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath and quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They are that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice with patients afflicted with chronic constipation, with the attendant bad breath, and that makes the skin soft, smooth and healthy.

WOUNDED MAN IDENTIFIED AS DRUG STORE ROBBER

John Dwyer, However, Denies He Was in Holdup and Says Men in Cur-tained Auto Shot Him.

FLEEING HIGHWAYMEN FIRED ON BY POLICE

Evidence Found of Fight in Rowing Club Near Where Prisoner Says He Was Attacked.

John Dwyer, a bartender, 27 years old, who gave his address as 4127 North Broadway, was shot and dangerously wounded last night. Of that the police are certain, but of the circumstances under which he suffered four bullet wounds, one of which fractured his skull, there is much doubt and conflict in the evidence. "Don't worry about who shot me; I'll get them when I get well," said Dwyer when he staggered into North Market Street Police Station at 9:30 o'clock. That was 40 minutes after a police sergeant had fired five shots point-blank at the driver of an automobile at Kings-highway boulevard and Manchester avenue, the occupants of which, three men, had held up two Clifton Heights drug stores. Dwyer was identified by victims of both robberies at city hospital.

Shot From Auto, He Says. Dwyer scoffed at this. "I haven't been in a drug store tonight," he said. "I was shot at Second and Angelica streets." Enemies had fired at him from a curtained automobile, he said, and investigation in that vicinity led police to the North End Rowing Club, foot of Ferry street, where were the unmistakable signs of a free-for-all fight, bloodstains on the floor, bullet holes in the wall and complete disorder. Dwyer denied he had been there.

The drug stores had been robbed within 20 minutes, the first at 8:30 p. m., when three men took \$500 from John Hanneke, in his store at 5400 Southwest avenue, and a customer, John Martin. At 8:50 p. m. the three were in the store of Albert Kauffman, 6200 Columbia avenue, trying to rob Kauffman and his wife. Kauffman laughed at the leader's revolver. "Put that thing away, boy," he said, and started towards a drawer for his own weapon. The leader fired one shot, which hit the wall, and ran out.

Policeman Fires on Auto. In the street, Kauffman fired shots in the air and attracted Police Sergeant William McCullough and two patrolmen in a police car from a branch police station across the street. The robbers' car was moving west and the policemen pursued, west to Ecoff avenue north to Manchester, and east Turning into Manchester, Sergeant McCullough emptied his revolver at the fugitives. At Kingshighway, the two machines were abreast and McCullough fired five more shots straight at the driver. At Vandeventer avenue, the first machine shot before a moving street car and moved northwards, while the police machine, forced to give up, was rammed against a curb. Sergeant McCullough was certain he shot the driver, and when Dwyer surrendered the Sergeant brought the holdup victims to city hospital. Kauffman and Martin, the customer in Hanneke's store, identified Dwyer as a robber, but the others would not be positive.

Fight at Club Investigated. At the rowing club, a blood trail led to a second floor room where the furniture was broken and overturned. There were bullets in the wall, and cartridge shells from an automatic pistol on the floor. A woman's fur choker, a man's lumbago, a derby hat, and a gray velvet hat were found on the floor, as well as a card bearing the name William J. Knight, 4607 Pope avenue. Knight was found in bed, badly cut and bruised about the head and face. He and George Tobin of 4422 North Broadway had been beaten by five men who invaded the club, he said, and later, Tobin, at home, with a swollen nose, corroborated his story. They did not know Dwyer, they said. Dwyer had four wounds. One bullet had pierced a thumb and three had grazed his head, one fracturing the skull.

HENSES BEAT ST. MATTHEWS ELEVEN, TIEING MUNY TITLE SERIES

7500 See Rooney Score Only Goal of the Battle After 13 Minutes of Play

Deciding Contest for the Municipal A. A. Championship Likely to Be Contested Next Saturday — Stark's Fine Refereeing Helps Keep the Play Clean.

By Herman Wecke.

A goal by Johnny Rooney, a former star in the professional league, after 13 minutes of play, gave the Henses, soccer champions of Sherman Park a 1-0 victory over the St. Matthews of Fairgrounds No. 2, in the second game of the Municipal Association series yesterday afternoon at Fairgrounds. A crowd estimated at 7500, which packed every available inch of space in the four stands surrounding the field, witnessed the contest.

As a result of the Henses' victory yesterday, a third game will be necessary to decide the championship. The St. Matthews, previous winners of the title, gained a 4-1 conquest in the opening clash. Inasmuch as William F. Yorker, superintendent of recreation, has invited Nashville to send a team here next Sunday to oppose the championship winner, there is a possibility that the third Hense-St. Matthews clash will be played Saturday.

One of the features of yesterday's contest was the absence of rough play. The game was one of the cleanest ever contested in a title series, the players in the main contenting themselves with playing the ball and not the man. J. E. Stark, of Detroit, one of the best soccer officials in the country, handled the game superbly.

Rough Riders soon found themselves to rough it and several fouls called early in the game, among them the rough riders. During the entire 30 minutes of tense battling not more than half a dozen fouls were called on either eleven. There were, however, a goodly number of offside. A majority of these were on the Henses as, after the Sherman Park team had gained a one-goal lead, the Matthews played with one back far out.

At the start of the event the St. Matthews rushed but were stopped by the great work of the backs of the Henses. The tide shifted and the Henses were on the attack. At this time the Matthews were in the corner of the net for the only point of the game. The score followed a pass from Mitchell, who was used at inside right, with Signale moving in to the center.

Offside Proves Costly. After this count, the Henses rushed again, and had several chances, but Hense made several good saves. Another goal was lost

Sisler to Start Only Regulars in Brooklyn Series

Vanguard, in Good Shape, Will Get Chance in Opening Contest.

From a Special Correspondent of the Post-Dispatch.

TARPON SPRING, Fla., March 8.—Manager George Sisler of the Browns announced last night that he would start only his regulars in the opening battle Wednesday against the Brooklyn outfit of the National League. Elam Vanguard, Ernie Wingo and Milton Gaston will each pitch three innings against the Dodgers. It can be stated that while Gaston is a new man on the team this spring, he is not by any means considered a "rookie."

About the only thing that is causing Sisler keen anxiety is the number of men he will have in the name who hit from the left side of the plate. When George first announced his lineup he stated that with Herschel Bennett in the center field, he thought the team in the center for a short time and decided that perhaps it would be better to send Evans, a right-handed hitter, to center field and place Harry Rice at second.

Six Left-Hand Hitters, With Pitzer the American League will face the Brooklyn crowd with six left-handed batters with no less than five left-handed batters. In the four left-handed batters, three of the Browns will be swinging from the left side of the plate.

The Brooklyn team will face very good pitching when they face Vanguard, Elam Wingo and Milton Gaston. All three of the above mentioned hurlers are well advanced in the season.

Vanguard is especially eager to the husky right-hander. Last spring he was on the list for the better part of the season, but he is in good shape this year and feels confident of his ability to win.

George Blalock, the big pitcher from California, in throwing out his thumb of the right hand, cutting a deep scar. Today Blalock, the injured thumb of his pitching hand is slightly bandaged and he will be out of the practice for at least two weeks.

The Brooklyn team will bring up the game. Elam Wingo and Milton Gaston will pitch the game.

Three-Sixty Wins in TIA JUANA FEATURE

By the Associated Press.

SAN DIEGO, Cal., March 8.—The juvenile stakes, second of the six features of the Tia Juana racing season, was decided yesterday afternoon over a sloppy track and in a decided victory and resulted in a stable of Col. W. E. Appleby.

Three-Sixty was an easy winner, and his stable companion, Nineteen, was second, with Lou Shank third, winning the race.

The Tia Juana Jockey Club had added \$2000 to the purse and first money was \$2112. Second prize was \$1400 and third \$220. The winner was ridden by John Roberts and was negotiated in 32.3 seconds.

An American record was established when Nineteen, a 5-year-old, won the race in 32.3 seconds.

The Santa Ana Handicap at six furlongs, in which eligible for the Tia Juana Derby, was contested, was won by Nellie A. in the remarkable time for the track condition of 1:12.4.

At Tia Juana (Tomorrow).

one set of games to be played next Sunday league pennant race is virtually ended as champions. The Vespers, who tied will oppose the Ratican Club, next Sunday. The Vespers, who tied will oppose the Ratican Club, next Sunday. The Vespers, who tied will oppose the Ratican Club, next Sunday.

Vespers Score Twice.

The Vespers re the first to score when Tracy counted on a short hook shot from a cross by Wilmer. The Millers tied the score shortly before the close of the half when Mulro's long curving shot deceived Goalender La Barge, who in his eagerness to clear, came out a step or two, only to see the ball sail over his head into the net.

GLO-COED Your Hair This Morning?

GLO-COING the hair has become an important essential to good grooming. There are several reasons why. The hair is kept neatly in place all day by applying a few drops of GLO-CO, the liquid hair dressing. Whether combed lightly back in conservative business style, or smoothly down in popular youthful style, the hair responds to GLO-CO.

RICKEY TO USE YOUNG PITCHERS AGAINST KANSAS CITY CLUB TODAY

Cardinals Win Four Games, Tie One and Lose One Over Week-End — Bill Hallahan's Two-Hit Game Fails to Convince Rickey—Bottomley in Fine Form.

By a Special Correspondent of the Post-Dispatch. STOCKTON, Cal., March 9.—The good physical condition of the Cardinals, after two weeks of training bore fruit for the Knot Hole gang in the six games played in the last two days.

There was but one incident that prevented the sextet of games from being a large 48 hours for the Rickeymen and that was the poor showing of Johnny Stuart, the former Ohio State University right hander.

Another game is provided today when the Hornsby Club goes to Hartford, Cal., to oppose Johnny Lavan's Kansas City Blues of the American Association. Manager Rickey is taking the youngsters—Shields, Barnes, Paulson and Reinhardt—and will select two twirlers from the quartet.

Howard Freigau pulled up with a lame leg at Sacramento yesterday and will skip the trip to Hartford. Either Tom Thevenow or George Toporcer will play. Third base, Toporcer is lighter in weight than he has ever been since becoming a Cardinal. He does not look well, but says he has been and is in good health.

Chuck Hatley is slightly "off his bed" and has been given permission to go to his home in Berkeley for a day.

Stuart was responsible for the loss of the afternoon game to the San Francisco Seals yesterday, his wildness being the contributory cause. But for that black mark the Cardinals would have emerged with five victories and one tie, a 12-inning affair against Sacramento. In spite of Stuart's poor showing, the Cardinals in the two days tied up a record of four victories, one defeat and a tie.

Hallahan Is Erratic.

In contrast to Stuart's poor work was the fine pitching of Bill Hallahan, the 20-year-old southpaw re-hired from Kalamazoo; the excellent hurling of Fred Frankhouse, 26, who pitched for nine innings, the speed and all-round good work of the veterans, Haines and Sherdel, and some good early-season work by Flint Rhem and "Pea Ridge" Day.

Last but not least was the debut of Walter Mails, the well-known California orator. He was the starting pitcher in yesterday afternoon's game against the Seals, and in four innings he led the Frisco nine to a 4-1 lead, the defeat is charged to Stuart, who succeeded the left-hander. Eddie Dyer went in after the Seals had scored five runs off Stuart.

Duster Fans Three.

Mails put the first two Frisco batters on base by walking them. Then, a la Rube Waddell, he struck out the rest.

Dempsey Has 15 Days in Which to Answer New York Ultimatum

By the Associated Press. NEW YORK, March 9.—Jack Dempsey, according to law, has 15 days in which to reply to the ultimatum of the New York State Athletic Commission. The editor of Friday gave him 24 hours, which the commission now admits must have been a mistake. Jack Kearns' reply that the champion is willing to meet Harry Wills when the boxing rules of New York State make a tactical guarantee, appears to have the situation about as it was before any definite action was taken. The work will have to be done all over again.

Lewis to Meet Drak.

CHICAGO, March 9.—Ed "Stranger" Lewis, claimant of the world's heavyweight title, was matched yesterday with Tommy Drak, wrestler from Poland, in an exhibition here on March 12.

W RAY'S

THE BROWNS, with fine early prospects for the coming baseball campaign, are now confronted by a most serious outlook.

McManus, one of the best of second basemen, Dixon, a very badly-needed new catcher, Jacobson, a fine centerfielder and left-hand pitcher, are holdouts. That means the club will be unable to start the season hitting on all cylinders. How long the handicap will continue depends upon the length of the holdout and the state of mind of the players after the inevitable compromise takes place.

It is quite possible that serious harm to the team efficiency and the individual morale of the club will follow the holding out of this quartet. To start the season without them would be inviting a last place finish.

Is It Worth While?

THESE are the things that magnates must figure on when counting the cost of not meeting the players' demands. Probably \$10,000 would settle everything and send the four Brownies to the front at once. It is an exorbitant sum to pay, especially as one of the demands comes from a minor league player who is holding up the Browns for part of his purchase price. Two other demands are by veterans, one of whom Phil Ball personally saved from the discard.

And yet the magnate is called upon to consider whether it is not wiser to swallow his pride, grin, take what he thinks is the worst of it and pay the price for the sake of keeping his team intact and in good morale.

Just a Suggestion.

THERE should be a way out of this impasse into which annually many magnates are drawn. The clubs with the big gate receipts, New York, Detroit and others can afford to gratify the players at heavy cost to the pocketbook, as \$52,000 for Babe Ruth witnessed.

But what of the poorer clubs? For the benefit of a few why not have a committee of three men appointed as a board to arbitrate such clashes of player and manager, both sides agreeing in their contracts to abide the ruling of the adjusting body?

In that way both would be treated fairly and the club manager assured of having all his material in hand before the training season began.

Appropos of Mr. Pesek.

MAX BAUMAN, manager of the John Pesek, is slowly making a case against Joe Stecher. Bauman contends that Stecher has been avoiding the Ravenna wrestler, and cites the fact that Pesek has had money posted in various centers of the United States to bind a match, whenever Stecher decided to meet Pesek.

One of those with whom Pesek has deposited \$1500 is Dr. C. M. Westernman of this city who, by the way, is close personal friend of Stecher's.

Stecher, on the other hand, says that the amount Pesek wants to wrestle for is too small and that any time Pesek is willing to make it \$10,000 each, and the gate receipts, winner-take-all, he will listen to the warbling of Monsieur Bauman.

From where we sit it appears that these two men of reputation, neither being champion, ought to find some common ground for meeting. Since Wayne Munn will not pay attention to any challenges, save those against whom he takes no chance, the Stecher-Pesek contest would be by far the most interesting on the horizon.

Such a contest in Chicago or New York ought to draw \$30,000, 60 per cent of which, with the \$20,000 in side wagers, would give the victor the sweet sum of \$38,000—enough for any one mat artist to earn at one effort.

GYMNURE WINS FEATURE AT AUTIEUL OPENING

By the Associated Press. PARIS, March 9.—One lone straw hat was observed at the reopening of the metropolitan horse racing season at Autieul yesterday. It was a modest little affair, as feminine headwear goes. But it stood out amid the thousands of hats made of felt and other material.

The bleak day was a treat for the winter sport fans returning from Chamonix or St. Moritz, who appeared at the race course in their snow costumes, but the arrivals from the Riviera shivered.

Gymnure, a fairly long shot, won the forty-first renewal of the Autieul Stakes, while Neuvilla Aux Bois won the first race of the 1929 season for the Prince Aga Khan stable.

Pikers Can Win 3rd Place With Victory Tonight

Must Defeat Kansas in Final Game of Season at Lawrence.

Washington University's basketball team, which last week was considered a serious contender for the Missouri Valley championship, tonight will struggle to hold third place. The Pikers will oppose Kansas University at Lawrence, Kan., in the final game of the season for both. The Jayhawkers have lost only one game this season and have shown no evidence in recent games of an inclination to weaken.

If Washington loses tonight it will fall back into a tie for third place with the Kansas Aggies. The Pikers have lost their last three games.

Nebraska, by winning four straight games, has clinched second place.

Ohio State Wins Title.

By defeating Indiana on Saturday, 28 to 26, the Ohio State basketball team clinched the Big Ten Conference title. The only game having a bearing on second or third place is that between Illinois and Wisconsin at Madison tonight. If Illinois wins it will take second place beyond dispute, and if it loses it will be forced to share second place with Indiana.

Leacocks Impress in Practice Work

St. Louis Municipal Champions Play St. Mary's Tonight in Basket Tourney.

Special to the Post-Dispatch. KANSAS CITY, Mo., March 9.—After watching virtually all the games entered in the National A. P. basketball tournament practice yesterday, judges of basketball have conceded the Leacock team of St. Louis a position among the strongest fives entered in the event.

A coach of one of the rival teams remarked that the Leacock shooters were unusually accurate on long shots. And those familiar with the St. Louis quintet know that the short game of the team is even better than its tries for goals from far out in the court.

Dilman Gockel, Wallie Reinhardt and the rest of the Leacock players, with the possible exception of Bill Thomas, quickly found the range of the basket. All the tossers are confident they will win their first game with St. Mary's College tonight.

St. Mary's is coached by Steve O'Rourke, well known to St. Louis U. football followers. The team is among the leaders in the Kansas conference.

If the Leacocks win tonight they will play their next contest Wednesday.

Today's Schedule.

Afternoon Games. Monon team, Lafayette, Ind., vs. Robert Clore Post, Lees Summit, Mo.

Young Men's Institute, San Francisco, vs. Roddis Club, Kansas City.

Fall River Wins From New Bedford

12,000 Persons Attend Soccer Cup Game at Providence — Score 3 to 0.

Special to the Post-Dispatch. NEW YORK, March 9.—The Fall River eleven, national soccer champions and leaders in the American Soccer League race, advanced to the final in the league cup competition by defeating the New Bedford club, 3 to 0, at Providence yesterday afternoon. A record crowd of 12,000 persons watched the game.

Fall River will oppose the winner of the Boston-Fleisher game, which is to be played next Sunday. The winner of the cup series will meet the winner of the St. Louis Soccer League title in a post-season championship series of three games.

Providence defeated New York, 4 to 3. Indiana won from the Fleishers, 3 to 1. Brooklyn defeated Newark, 1 to 0.

Gregg Signs Contract.

TAMPA, Fla., March 9.—President Griffith of the Senators smoothed out another uncertainty in his pitching force yesterday when he came to terms for a one-year contract with Vean Gregg, the veteran southpaw, who was purchased after the close of last season from Seattle.

Employees of Missouri Pacific System Lines Noted for Their Courtesy

TRANSPORTATION service is the only commodity the Missouri Pacific System Lines produces and has for sale. Production of the very best possible service is, therefore, the abiding ambition of every employee of these lines.

Missouri Pacific System Lines' employees welcome opportunities to be of personal service to shippers and travelers. If you want assistance in selecting a route for travel or shipment—if you want a rate quoted; in short, if you want any information we can get for you, any Missouri Pacific System Line man or woman will gladly assist you.

The motto of the entire organization is: "Whenever anyone asks for anything, try to find a way to give what is wanted."

Our station employees and train crews are famous throughout the country because of their uniform courtesy and spirit of helpfulness. Our dining-car service is daily commended by virtually every patron who uses it.

Trainmen and Enginemen in freight and passenger service are especially proud of their performance. They enjoy the satisfaction of providing a brand of service that causes shippers and travelers universally to commend our efforts to please.

The System Lines are providing adequate equipment—both motive power and cars—and the physical property, road bed, stations, etc., is being constantly improved. These efforts of management and men are enabling the Missouri Pacific to establish a standard of excellence in the production of transportation that is coming to be nationally recognized.

Is your throat sore?

THE pain and discomfort is really the least of a sore throat. The worst of it is the poisoning of the whole system by disease germs. Often it leads to influenza, grippe—many dangerous diseases.

Start treating it now—wherever you happen to be—all day long, not just a gargle now and then. Get a bottle of Formamint, and every half hour, dissolve one of the pleasant-tasting tablets in the mouth.

Immediately, the tablet begins to release a powerful yet safe antiseptic that acts all the while the tablet is dissolving and for some time afterwards.

And this all-day-long germicidal action destroys throat germs as they come, and prevents the development of a sore throat or cold.

To prevent sore throat, or infection from grippe, influenza, tonsillitis—many contagious diseases—take a Formamint tablet every two or three hours. Ask your druggist.

400-POUND SAFE IS STOLEN BY BURGLARS

Receptacle Hauled Away From
Woolworth Store Contained
Several Hundred Dollars.

Burglars entered the F. W. Woolworth & Co. branch at 5375 Easton avenue and hauled away the 400-pound safe Saturday night. The safe, which contained several hundred dollars, was in the mid-

dle of the store, a light burning before it. The burglars, after gaining entrance by mounting a fire escape next door, crossing the roof to a skylight and then lowering themselves by ropes, first removed the outer safe door and then blocked it up against the light. Outside to the eye, the propped-up door presented a view of the safe intact.

A wrecked and empty 400-pound safe and a deserted Ford truck were found by Deputy Sheriff Frank Williams early yesterday about a mile from Wilmas' home on the Lake road. He reported that as he was driving home about 1 a. m. on the Lake road he was passed by the Ford truck containing the safe. He drove on home in his automobile and was awakened an hour later by

the report of an explosion.

Burglars, apparently also operating with a truck, gained entrance to the apparel shop of the Pendergast-Knight Corporation, in the Forest Park Hotel Arcade. They carried away 50 dresses, six fur-lined cloaks, several ensemble suits and other apparel for a total value of \$5214. They also broke into a shop next door, but obtained nothing of value.

The office of the American Shoe Machinery & Tool Co., 2112 Dickson street, also was entered by burglars some time Saturday night, and a wall vault rifled of about \$100.

Two robbers thrust revolvers at Nick Dexas, manager of the Pagant Theater at 5351 Delmar boulevard, as he was counting the

receipts in an outer box once, about 10:30 o'clock, last night. The manager crammed the bills in sight in his pocket and ran inside, while the robbers scooped up the silver remaining—about \$75—and ran to an automobile parked in front, and escaped. Dexas obtained the license number, which proved to have been that of a plate stolen a short time before from the automobile of a physician.

The circumstance of a flat tire and the opportune appearance of a policeman served to rescue Ray Domback, 109 North Market street, from three robbers and bring about the capture of two of them. Domback reported he was halted in his automobile at Twelfth and O'Fallon streets shortly after midnight Saturday and forced at the point of

revolvers to surrender the wheel and also his purse, containing \$53, and his watch and chain.

Two Holdup Men Caught.

The two robbers drove to Jefferson and Cass avenues, where they were joined by a third man, and continued the drive. At Wells avenue and Kingshighway the car suffered a puncture, and the owner was ordered out to repair it. While engaged in this operation he observed Patrolman Jesse O'Leary of the Page Boulevard Station approaching. Domback shouted to the policeman as his captors leaped

from the machine and ran. Two of them, however, surrendered, and one of them was found to have Domback's watch and chain and \$25.

3 Killed When Truck Overturns.

By the Associated Press.

BUFFALO, N. Y., March 9.—Three young men of a party returning in a small motor truck yesterday from a dance were killed and two others were injured when the truck overturned in South Buffalo. The dead are: Cornelius O'Brien, Dudley Kempf and Bernard Colgrove.

SIX HUNTERS ARE ARRESTED

State Game Warden John P. Heller and George J. Huesmann arrested six hunters Saturday and Sunday. Elmer Wiley and Charles Winklemann were arrested in St. Louis County for shooting songbirds. Sebastian Pennese, 5214 Elizabeth avenue, St. Louis, was arrested at Melville for shooting migratory birds. A Goldman of De Soto was arrested for possessing raw furs out of season and lacking a dealer's license, and Wesley Tyler and Chesley West were arrested

at Bismarck and charged with poaching raw furs.

THE BEST USES OF CLOTHES

By WINIFRED BLACK

WINIFRED BLACK

WHEN you buy a new dress, Little Miss Snip—put—your hand to your forehead and your eyes and those restless, eager little feet of yours—who do you buy your dress for?

Yourself or your friends—or even your enemy?

Do you dress to please the men, or do you dress to please the women?

Which would you rather be—a man's beauty or a woman's beauty?

There are two kinds, you know, and you really have to make up your mind about it when you begin to take a serious interest in dress.

A man doesn't care what you have on. He cares how you look, and that's all.

Beauty parlors? It isn't the girls who live in the beauty parlors; it's the middle-aged women.

Eighteen and twenty are too busy going driving or dancing, or tramping or swimming, or singing or something; to bother overmuch with beauty parlors.

It's little Miss Thirty and Mrs. Thirty-five who are always being massaged and permanent-waved and reduced to please the men.

Men always say they like a simple, wholesome, unaffected girl the best and when it comes right down to marriage sensible men usually do like that sort of a girl, but for parties and dances and the theaters—well, haven't you ever noticed—?

I know lots of women who like to look nice—just to look nice. They're fond of soft or bright plumage. It is as natural for the average woman to like dress as it is for the average man to love to go fishing.

And it's a good deal a matter of spirits, too. Put on a dull old dress, brush your hair in the dull old way, wear a pair of shoes just the least mite shabby—and you'll feel as if you were 50 years old and nobody loves you and never had loved you and never will love you.

Not anyone—not even the cook or the janitor or the telephone girl or the homeless tabby or the forlorn dog that sits on your doorstep and tries to look as if he belonged.

Blue—discouraged—bored? Don't stay in your room and cry—get out your prettiest dress and your sassiest hat, have a new "do" to your hair and step out for a little walk—you'll feel like a new person inside and out—

Clothes Transform the World. Clothes? No, they're not vitally important. You can live, and are a useful, comforting, not entirely unhappy life and never care a cent for clothes, but really to get the savor of things, you have to be a part of them, and a new hat or a nice soft comfy coat—will sometimes turn a very gray sky into blue.

"Come on," said Little Sister. "Let's go window shopping! Which one do you choose—the blue frock or the gray one?"

"I'll take 'em both, thank you. I'll wear the gray one outdoors and the blue one in the house, with a nice film of lace somewhere about it, and a silver comb and that queer bracelet somebody brought me from India and a nice pair of gay slippers—and who dares tell me that I'm not as young as I used to be and that the world isn't the gayest, friendliest sort of a place?"

"That's a nice hat in the corner—the one in brown and tan. Don't you wish you had it and a dress to match it? Let's plan out a costume in those colors."

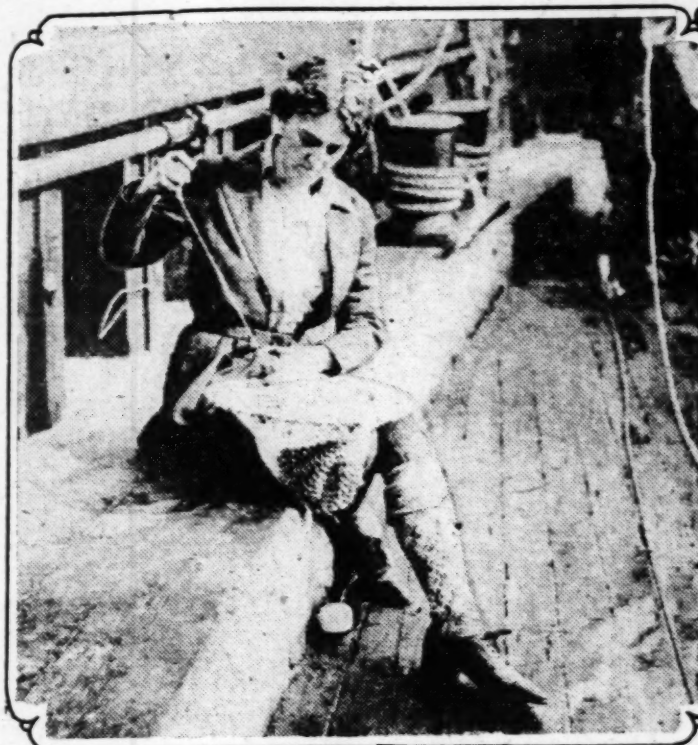

"What? Ten o'clock and time to go home?"

"Well, well, and I thought this was going to be a long evening!" Good for you, Little Sister, you've comforted your lonesome little heart with clothes—just as thousands of other women have done for years. Some day maybe you'll do what other women have done after they married, you'll plan some one else's clothes, some one little and chubby, don't you know, and then—

Ah, yes, clothes have their uses, haven't they, besides keeping you warm and covered?

Three Women Who Are Exploring the Mysterious Sargossa Sea

PHOTOS BY WIDE WORLD

Among the members of the scientific expedition of Dr. William Beebe aboard the ship *Arcturion* which is now exploring the Sargossa Sea, are three women who are taking an active part in the investigations. Above is shown Miss Isabella Cooper, who is the scientific artist of the party. She is photographed doing a bit of art work on some old clothes. Above, in the center, is Miss Lillian Segal, and at the right are Miss Segal and Mrs. Charles Fish, examining the first haul brought up from the sea to the deck of the *Arcturion*.

FASHION FRILLS

PARIS—One of the great houses is showing an evening wrap entirely composed of ostrich feathers. The long lines of the vertically placed plumes are broken by bands of short, tightly curled feathers placed horizontally about the hips and collar.

PARIS—The trend toward the large capeline hats, which always makes its appearance at this time of the year, is finding expression at present in borse straw braid of the brown wood tones. These hats usually are trimmed with ribbed silk ribbon and a feather galoon.

NEW YORK—The tailored vogue with its simplicity of line and its chic perfection of detail is being utilized for jacket frocks and coats of the lighter materials, such as Ottoman silk, crepe faille and satin.

NEW YORK—The vogue for the ensemble now has reached jewelry. It is expressed in matching rings and bracelets composed of three rings of different colored gold.

Creamed eggs on toast.
Potatoes hashed in milk.
Parker House rolls.
Coffee, cocoa, milk.

LUNCHEON

Rice and tomato au gratin.
Stewed fruit.
Nutmeg cookies.
Coffee, tea, milk.

DINNER

Pork chops—baked apples.
Baked potatoes.
Waldorf salad.
Jelly roll.
Coffee, tea, milk.
CREAMED EGGS ON TOAST.

Boil four eggs 20 minutes, make a white sauce with one cup of milk, one tablespoon of butter and one tablespoon of cornstarch. Lay six slices of buttered toast on a dish, cover with sauce, add egg white chopped fine and over all the yolks rubbed through a fine strainer.

RICE AND TOMATO AU GRATIN. Two and one-half cups cold cooked rice, 1½ cups grated cheese, 1-3 teaspoon paprika, ½ teaspoon salt, 1½ cups stewed tomatoes (sifted). In an oiled baking dish place a layer of rice and then a layer of cheese, and so on, reserving 2 tablespoons of cheese. Add salt and paprika to tomatoes; pour this over the cheese and rice; sprinkle the rest of the cheese over top and bake about half an hour in a moderate oven.

PARIS—The movable neck line is with us. One frock made by Martial et Admand has a jeweled fastening which permits the V-shaped neck line to be widened or closed at will. For example one may wear it high in the afternoon, lower at dinner and theater and low as a Montmartre table top at 4 a. m.

HOUSEHOLD SUGGESTIONS

Grease the Mixer. Grease the bread mixer well with lard before making bread and the flour will not stick to the sides or harden. It will be much easier to wash.

More Sanitary. When you have a choice of a tube or jar when buying ointments or creams, select the tube. It is more sanitary than an open jar, where dipping the finger into the tube may carry infection to the next user.

Sports Oxfordees. So often the lighter shade in the two-toned sports oxfordees becomes soiled. Try art gum on this section to clean it. It will look much better than if cleaned with a cleansing fluid and will keep the shoes new-looking longer.

Mood Reflectors. There is no mirror that reflects so much as a child does the mood of the person with whom it is. If mother is cheerful, so is baby; but if mother is upset, how quickly baby senses it and is anything but happy. Perhaps that is how so many mothers learn patience.

FAMOUS WOMEN

ANNE OF GREAT BRITAIN

TO a girl infant born at Twickenham, near London, the second daughter of James II, then Duke of York, was destined to fall the lot of bringing to an end the long reign of the royal house of Stuart. Married to Prince George of Denmark when she was 19, Anne ascended the throne of Great Britain when she was 35. Weak in character, she was governed first by Marlborough and his wife, afterward by Mrs. Masham. Although she gave birth to 13 children, not one of them survived to claim the throne of England on her death in 1714. As a result the British crown passed to the Elector of Hanover, who thus became George I. of Great Britain and founded the present dynasty.

MODERN MARBLE CAKE

Work to a cream two cups of sugar and one of butter, then add the beaten yolks of four eggs, a cupful of milk and three cupfuls of flour, divide the dough, add vanilla to one-half and a tablespoonful of mixed spices to the other. Drop by alternate spoonfuls into the buttered pans and bake. Frost if desired.

Children's Bedtime Story

By Thornton W. Burgess

The Fisherman Caught

Even fishing is with danger fraught—
The fisherman is sometimes caught.

—Plunger the Osprey.

At last the water was so shallow that the fish could no longer pull plunger beneath it.

SELDOM has Plunger the Fish Hawk eagle fear. Only when King Eagle has threatened to strike him to make him drop a fish has Plunger known fear. And then he has known that all that was necessary for safety was to let go of the fish. But now Plunger did know fear. He had seized a fish so big and heavy that he could not lift it from the water, and he had discovered that he could not let go of it. You see he had sunk his claws into it so deeply that he could not withdraw them.

Now that fish was strong. While Plunger was struggling to lift him from the water he was trying his best to drag Plunger under water. Plunger knew that if he should be dragged under water and kept there he would soon drown.

Plunger, the famous fisherman, was himself caught. He knew now something of how the fish he had caught in the past must have felt. But he had no time to think about this. With all his strength he beat those great broad wings of his to keep himself above water. Mrs. Plunger had flown up the river to fish, and so she was not in sight. There was no one to help him. My, how strong that fish was! In spite of all he could do Plunger was dragged under water. But it was only for a moment. More frantically than ever he beat those great wings, and reached the surface.

Plunger always had been very proud of those great, curved, sharp-pointed claws of his. They are his fishhooks, you know. Now for the first time he wished they had not been quite so long and quite so curved. Had they been shorter and less curved he might have been able to withdraw them from that big fish.

Plunger actually screamed in sheer fright. Then he began to use his wits. He couldn't lift that big fish above the surface of the water. He couldn't let go. What

he dragged the big fish through the water in that direction. His great wings were growing tired. Every now and then the fish succeeded in pulling him under water. But each time as he regained the surface he saw that the shore was a little nearer. Would his strength hold out? He was beginning to doubt it.

It was then that he saw a long sand bar running out into the Big River. The water was only a few inches deep over this. The sight gave him new strength. Already the water was growing less and less deep beneath him. The fish knew this too and struggled harder than ever. At last the water was so shallow that the fish could no longer pull Plunger beneath it. Hope grew in the heart of the great bird as he struggled on.

SENATE REJECTS
NOMINATION OF
CHARLES WARRENDecision Is Reached After
Lengthy Debate and
Bitter Denunciation by
Senator Reed.SERVICE TO SUGAR
TRUST DISCUSSEDWarren's Nomination for
Attorney-General De-
clared to Be Inexcusable;
Defense by Cummins.WASHINGTON, March 10.—The
nomination of Charles B. Warren
of Michigan to be Attorney-Gen-
eral was rejected by the Senate.

By CHARLES G. ROSS,

Chief Washington Correspondent

of the Post-Dispatch.

WASHINGTON, March 10.—

Senator Reed of Missouri this af-
ternoon went full tilt into action
against the nomination of Charles
B. Warren of Michigan to be At-
torney-General of the United
States.Taking the Senate floor to an-
swer a defense of the appointment
by Senator Cummins of Iowa, Reed
declared that letters which had
been read into the record—letters
which passed between Warren and
H. O. Havemeyer, head of the sugar
trust—demonstrated completely the
connection of Warren with the or-
ganization, the perpetuation and
the practices of the trust over a
period of 16 to 17 years.The argument of Cummins, ac-
cording to Reed, might be boiled
down to the contention that the
services of Warren to the sugar
trust were illegal as the law now
stands, but were not illegal at the
time they occurred. Reed denied
the validity of the distinction. The
anti-trust statute, he said, was the
same at both periods and had been
the same ever since it was enacted
in 1890.

"Cannot Plead Ignorance of Law,"

Reed declared, "I undertake to say," said Reed,
with increasing vehemence, "that
there never has been a decision by
any respectable court in the United
States that sanctioned the practices
of Charles Beecher Warren as ex-
posed in the letters which have
been read to the Senate.""Mr. Warren cannot plead igno-
rance of the law. A plea of igno-
rance of the law, which is not
allowed to the layman, would come
with peculiarly bad grace from one
who aspires to be the chief law
officer of the United States.""But even if the practices of Mr.
Warren were not illegal, I say that
an engagement in them ought to
win any man from the place to
which he aspires.""There are acts which may not
be technically unlawful, yet which
are inhuman, barbarous and con-
trary to all the ordinary tenets of
fair dealing."

Contrary to Fair Business.

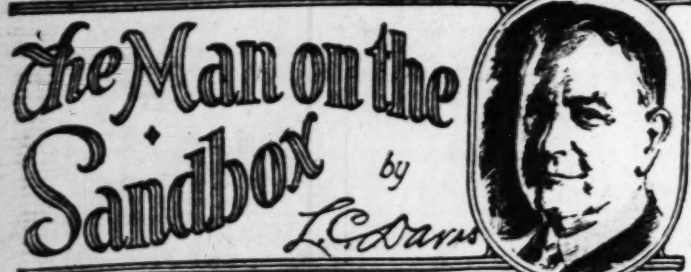

"Even if there had been no Sher-
man anti-trust law on the statute
books," I maintain that the man
who used his power, as Mr. Warren
did, to control the sugar market
and fix extortionate prices, was an
unfair man and violated the com-
mon law of the land.""The practices revealed in the
letters were contrary to reason and
to fair business and to every-
thing that men who love justice
and equity adhere to."Reed had primed himself for a
great effort. He fought the nom-
ination of Warren in the Senate
Judiciary Committee and led the
fight which resulted in opening the
doors on the Senate debate on con-
firmation. Throughout this debate
he had made copious notes on the
specimens pro and con. His taking
the floor today marked the climax
of the effort to defeat the nomina-
tion."Those who heard the Senator
from Iowa," continued Reed, "must
have felt that he had lapsed back
to that period in his early life
when he was trying to defend a
guilty man in a criminal court and
was drawing all the fine and tech-
nical distinctions he could."

"Corrupt Conspiracy."

"Those who heard the letters
and read here fairly to weigh
them knew in all the trust litiga-
tions which have taken place in
this country in state courts or Fed-
eral courts there has never been
so complete a demonstration of a
corrupt and criminal conspiracy to
violate the laws of the country as
existed here.""I have not the slightest hosili-
tation to say that, if the law were
enforced against the rich and pow-
erful as it is enforced against the
weak and lowly, all of these gen-
eral would have been behind the
law.""When men, now rich and
powerful, deal in billions, it appears
that consent decrees can be en-
forced, and even an attempt made to
suppress the man who for years
has been engaged in a con-

tinued on Page 2, Column 4.

GOOD WORK.

OUR baseball plant will be en-
larged.For which the patron will be
charged.

A very slight addition.

At that, however, we suspect.

The demon fan will not object.

To boosting the admission.

The rival owners called a truce.

They saw that fighting was no use.

So they interred the hatchet.

And when they buried same, by
heh.

The rooters saw that in the neck

They probably would catch it.

So let the work begin at once;

To start the pennant winning

stunts.

The demon fan is eager.

There's nothing cheap about the

fan

Who will no doubt indorse the

plan

For he's a major leaguer.

QUITE SO.

Ten thousand additional seats at
Sportman's Park will give the fans
more room to stretch.Also we will not have to worry
any more about how we are going
to take care of the world's series.Also we trust that all the surplus
concrete owned by both clubs will
be put in the new stands.

The man on the sandbox says

Vice President Dawes evidently

doesn't take much stock in that

slogan about keeping cool with

Coolidge.

The antitobacco boys, we note,

are getting busy. Looks like we'll

have to go out behind the wood-

shed again when we want to hit the

pipe.

The chewers of "bootjack" will

have to take a whirl at booting to-

bacco.

Charles Dawes' way of saying it

may have been a trifle crude, but

he certainly said a pipeful.

Looks like Charles doesn't be-

lieve in saying it with flowers.

The man on the sandbox says

that if some of the leading candi-

dates persist in fighting over the

majority bone one of the under

dogs is liable to jump in and grab it.

TWO TRUE.

Before Jack Dempsey became

champion he used to fight over so

often. Now he fights over so sel-

dom.

Mr. Dempsey's manager doesn't

encourage fighting. He still has a
mental picture of Jack going over
the ropes in that memorable second
round.

It was a wallop that almost jolt-

ed the genial Mr. Kearns loose

from his meal ticket.

And, as the feller so aptly ex-

marked, you might as well kill a

guy as scare him to death.

See where Joe Giard has joined

the Browns at Tarpon Springs.

That about clinches the pennant.

As soon as Marty McManus joins

out it will be all off but making

speculations for the w. s.
